*" We discovered a growing demand and need for quality vaping products, as the numbers of traditional smokers converting to vaporised devices are growing year by year. We have innovated new and unique products with powerful branding, to disrupt the current market, on physical and digital shelves, and to make strong connections with consumers. "*

#### *ABOUT US!*

*we are a disposable vape and electronic-cigarette manufacturing company, meeting the need for an affordable, healthy alternative to traditional smoking products. Lalo Vape Headquarters, Dubai UAE is the hub of our product design and customer services. As a company with global reach, we have also established manufacturing, research and development center in UK*

#### *Our Goal*

*To provide an affordable, convenient range of disposable vape products, to assist our end users in the switch from smoking a traditional tobacco-based product to an electronic device containing healthier vape juice.*

#### *Our Mission*

*"A TOBACCO FREE WORLD"*

#### *Our vision*

*'To manufacture good quality, cost effective brands. Users of our standard range of devices can expect up to a 90% saving when they switch from traditional cigarettes to our vaping products.*
